Subject: Letter of Commendation

Dear / Madam / Sir,

Greeting,

I feel pleasure to write about the valuable contribution which your organization rendered during recent floods. The devastation of these floods led to massive displacement of population caused extensive damages to the infrastructure and property. Government of the Punjab responded promptly for the rescue and relief of the people. And we are working hard for the rehabilitation of flood victims to mitigate the suffering of the people.

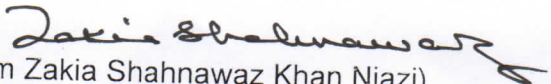

It will not be out of place to mention that NGOs played extremely useful and meaningful role in the relief activities. I appreciate that organizations like your's performed in flood affected areas in collaboration with Government functionaries. The provision of food items to the flood effected people, organizing medical camps for basic and necessary medical facilities particularly for women and children were among many services provided by NGOs.

I am delighted to apprise that about 400 NGOs including your's registered with social welfare contributed substantively in the relief activities under very close coordination with the government. The commitment shown by your representatives and extending quality of service by volunteers in the flood effected areas opened new vista of cooperation with the government. I assure you that government of the Punjab would always be happy in working closely with your organization in improving the condition of social sector under the auspices of social welfare department.

It is not possible to pay debt of gratitude in lieu of the services you provided in the flood effected areas, however attaches highest value, to services provided by your organization. Chief Minister, Punjab Mian Shahbaz Sharif has asked me that I, communicate such feeling to all representatives and volunteers of your organization for the work done by at the time of need.

With very warm regards.

Yours truly,

  
(Begum Zakia Shahnawaz Khan Niazi)  
Advisor to Chief Minister, Punjab.
